

Dear Families and Friends,

I am thrilled to introduce two new doctors to our pediatric dental practice, **Dr. Lee Mai and Dr. Rikesh Patel**. They are both highly skilled and compassionate pediatric dentists who are joining our team this Fall 2024.

I will still be providing care on a full-time basis and be fully committed to ensuring your families receive the best possible care in our community.

As you know, our practice has continued to grow because of families like yours who value our kid-friendly, family-centered care where we partner with parents to help grow healthy smiles. With the help of Drs. Mai and Patel, we can continue to provide this amazing care to the next generation of our community in new ways. This will specifically allow us to provide:

1. More opportunities for routine care five days per week

2. Better same day access for emergency care

3. Faster opportunities for new families to join our practice

We are confident that **Dr. Mai and Dr. Patel** will be valuable additions to our team. They look forward to becoming integrated members in our local dental community. We look forward to working with them to provide the best possible dental care for your families and friends.

Dr. Rikesh Patel is a graduate of East Tennessee State University and Tufts University School of Dental Medicine. He completed a two-year residency in pediatric dentistry at the University of Mississippi Medical Center.

Dr. Lee Mai is a graduate of Clemson University and the Roseman University of Health Sciences College of Dental Medicine. He completed a two-year residency in pediatric dentistry at NYU Langone in Anchorage, Alaska.

Sincerely,
Kevin Kennedy
